INTRODUCTION

“ We believe that everyone has the right to sit on a comfortable chair, and it is our purpose to provide this. ”

Style, Durability, and Comfort. Make Every Player Feel Like a VIP.

Your players deserve seating that makes them feel valued the moment they sit down. When guests are comfortable, they stay longer, enjoy themselves more, and keep coming back. The right seating doesn't just support your patrons — it supports the success of your venue.

That's why we create casino seating that go beyond function — chairs that make players feel welcome, comfortable, and appreciated, while giving your venue the style and durability it deserves.

Backed by nearly 40 years of expertise and a 7-year warranty, Karo gaming stools give you more than seating — they give you peace of mind. You'll know every stool on your floor is built to impress, built to last, and built to keep your players coming back.
